The clubhouse and facilities are housed on the Oamaru Harbour foreshore on Waterfront Road between the Wool store and the Penguin colony.

### Facilities available to members include:

Clubhouse, with bar, kitchen and toilet – upstairs. Toilets, showers and storage – downstairs.  
Jetties and two ramps. A tractor (to be used with care and at own risk) for launching and retrieving of boats. Wash down pad with fresh water wash-down hose facility. A well lit compound for boat storage at owners risk. (Availability for boat storage is limited and members need to apply for usage, to the committee).

### Your membership key gives you access to:

Both Ramps, Tractor, Boat wash-down facilities, Downstairs toilet and showers.  
Upon approved application (subject to space availability), a further key will give you access to the boat storage compound.

### Underwater section:

On successful completion of an approved clean air fillers course, (run by the club over two days when required and subject to the number of attendees) divers may also access the air compressor for the filling of their “in-test” dive tanks. (Apply to the section leader)

A portable compressor is also available for hire by clean air certified members.

### Subscriptions:

Your Joining Subscription Fee needs to be paid with the Application either cash / cheque / online  
New keys are issued annually on receipt of a paid subscription and the return of the previous years key. You will be sent a reminder Notice. Lost keys incur a fee of \$25, for replacement.
